Board Teams

Donor Ministry/Development Team- This team exists to help with Maryland FCA Fundraising & Donor Ministry Events and Initiatives to include the MD FCA Celebration & Fundraising Banquet, the Flag Tournament, and the Ambassador's Thanksgiving Lunch.

Recruiting/Onboarding Team- This team exists to help with strategy, marketing ideas, and implementation for the MD FCA staffing plan. They will also help with the interview process for candidates and the welcoming and on-boarding process for new staff. Our desire is that every new staff member feels welcomed and supported by the State.

Local Area Board Development/Connection- This team exists to help the State Board stay connected to local boards and dream teams and to help form local boards and dream teams in areas where one does not exist. Our desire is to ensure that there is at least one state board member that lives in each of our multi-areas who can attend 2 local board meetings annually and provide encouragement through the year for key volunteers in their multi-area.

Discipleship- This team exists to help us keep the main thing the main thing. They will work to gather and create resources that serve, train, and encourage our staff and volunteers throughout the year.

Marketing- Every area of emphasis above depends on FCA being known in the state. This team advises the staff on ways to make the story of God's work through FCA and the needs of FCA known across the state.
